The Sacred Assignment

Finding Joy While

Caring for the One You Love

"In Sickness and In Health"

Louise and her newlywed husband had a second chance at love. But after a few short years of wedded bliss, neither imagined their wedding vows were not only a promise for the future but had become the reality of every day.

With honesty and emotion, Louise shares the sacred, unexpected, and unseen journey of caring for her husband after his health crisis. Filled with faith, hope, and hard-won joy, she speaks to every weary caregiver, spouse, and faithful soul who wonders if they have enough strength for another day.

This is a story about love and devotion towards someone who has suddenly lost their mobility. It's about discovering love can deepen when life tosses you a difficult season. It's about finding purpose in your sacred assignment of caregiving.

For the caregiver feeling weary and overwhelmed, this book can be the lighthouse in your storm. It guides you to finding hope and joy in difficult situations and deepens your faith through scripture and prayers. Most of all, it provides evidence that God's presence endures even in life's most challenging seasons.

*"The Sacred Assignment offers Encouragement for the Day, Strength for Tomorrow,
and Hope for the Future." - Louise Pistole*

About the Author

Louise Pistole is a writer, speaker, and advocate for caregivers whose writing focuses on joy, faith, hope, and the sacredness of ordinary life. Her first book, *Discover Your Joy*, won four awards and earned first place in the San Francisco Book Festival. Her joyful days changed in a moment when her newlywed husband experienced a life-changing medical event. This journey led her to write *The Sacred Assignment: Finding Joy While Caring for the One You Love*.

Through her books, blog, and online communities, Louise encourages readers to find meaning in difficult seasons, discover their joy amid uncertainty, and recognize God's presence in everyday moments.

♥ *The Sacred Assignment* by award-winning author Louise Pistole is a beautiful and deeply moving testimony of what it truly means to love another through better or worse, in sickness and in health. Louise transparently shares her unexpected journey of becoming her husband's caregiver, revealing both the overwhelming challenges and the quiet miracles found along the way. I was deeply encouraged by her honesty, her unwavering faith, and her willingness to show how God sustained her when she was exhausted and at the end of her strength. Rather than simply enduring the assignment, Louise discovered the sacredness within it and found joy even in the hardest moments. I wholeheartedly recommend this book to anyone who has suddenly found themselves caring for a spouse or loved one. *The Sacred Assignment* is more than a story. It is a source of hope, encouragement, and a beautiful reminder that even life's most difficult assignments can become holy ground.

Missy Maxwell Worton, Award-winning Author of *Don't Mess With This Mama*
Founder and CEO of Light Warrior Publishing & Writer Development

♥ Whether it be a gradual decline or an instant crisis, caregiving is a life-changing event. This book details the daily challenging moments as well as the celebratory ones. It shows how a brief caregiving time can be difficult but how a long duration of care truly takes a devastating toll. Readers are able to see the author use coping tools through her strong Christianity. Survival by faith and love for her husband keeps her discovering joy.

Wanda D, Caregiver and Retired Medical Technologist

♥ Louise's journey gives us a rare and honest look into the demands of a full-time caregiver's role. Her commitment and love to her husband, and his to Louise, is a testimony to us all. The display of God's presence and love shows on every page. The progression of Louise's peace and re-affirmation of God's unwavering presence throughout the book reminds us all that even when life is overwhelming, God is always there for us.

Matthew B, Former Caregiver and President/Manager of a renovations company

*As the author of "The Sacred Assignment", I aspire to encourage other caregivers
guiding them towards finding hope and joy.*
